

Vinolet Installation Instructions

Required tools:	Phillips Head Screw Driver	Included Parts:	1 Vinolet with shelf	4 Spiral Drywall Anchors
	Level		4 Screws	4 Mounting Hole Covers
	Pencil			
	Tape Measure			

Fasteners:

There are four pre-drilled mounting holes in each rack. Appropriate fasteners for your wall surface must be utilized in every mounting hole for proper installation. Fasteners for drywall or wood wall surfaces are included with your rack. We recommend the following fasteners for these surfaces:

- Attaching to drywall, use all of the included Spiral Drywall Anchors and corresponding number of Screws
 - Wood wall surfaces can use the included Screws
 - Concrete, Brick or Stucco: 3/16" x 1 1/4" masonry screw or #8 x 1 1/4" screw with appropriate size expanding concrete anchor - not included
-

1. Place the level on top of the shelf while holding the rack against the wall and level the shelf.
2. Mark the hole locations on the wall with a pencil and set the rack aside.
3. Screw in the provided anchors at the marked hole locations.
4. Replace the rack over the installed anchors and secure to the wall with the provided screws.
5. Snap the provided mounting hole covers into the mounting holes to cover the screw heads.
