

THE COMPLETE GUIDE

to the Evolution Low Profile

Our ultra-slim, floor-to-ceiling wine rack systems is most innovative way to create floating wine storage in commercial and residential wine cellars. It's the choice of top building professionals because of its distinctive design and remarkable quality.

Steel Construction
You can drive a truck over this rigid Post.

Secure Assembly
Wine Rods are bolted to support Plates. No rod rotation.

Smooth, Continuous Post
Our patent-pending design allows for a smooth Post surface, all the way to the ceiling.

Get it Quick
Custom fabrication (unique pre-drilled patterns, non-standard finishes) is 10 to 12 weeks (or 4 to 6 weeks with expedited service).

Reach New Heights
Standard options are available, up to 17'.

Uniform Design on the Wall
The Evolution Wine Wall brings a matching style to drywall or wood backed surfaces

Versatility
Pick any number of configurations (spacing, racking style) to assemble to the Post without leaving undesired, visible open holes.

Depth
Go (4)* deep with Low Profile or up to (6) bottles deep with a similar look in the Wine Wall product line.

Quality
Lifetime guarantee on all VIntageView products. We've been in the business since 2001!

* available with 10- to 12- week lead time (or 4 to 6 weeks with expedited service).

Slim Profile
Starting at 3" (8cm) in total depth

Mix and Match
Add W Series, Vino Series, or Helix products to the edge of a Post or intermingled between.

3 unique mounting options upgrades:

DISTINCTIVE DESIGN

Golden Bronze

It's the best version of this color on the market, as evidenced by our robust sales across several product lines — and you can match to other racking styles.

Pick Your Plate

Our acrylic and steel plates are designed to match any VintageView product and compliment all other hardware or millwork in the cellar design

Design accents

Shelf, Presentation Row, Cork Ledge, custom designs in 10 to 12 weeks (4 to 6 weeks with expedited service)

Wine racking starts at **\$14/bottle**

CUSTOMIZE YOUR INSTALL

We take a custom approach to installation, allowing for complete control over the final product design without having to settle for unused drill holes showing. Our installation instructions are featured on the BILT App for easy-to-follow 3D directions on a mobile device.

OPTIONS

ULTIMATE DESIGN FLEXIBILITY

Drill your pattern on site (about 5 minutes per 10' Post) or use our standard pre-drilled Post (5" vertical spacing); ships same week.

EASY BUTTON IF YOU HAVE TIME

Order a non-standard pre-drilled vertical centerlines; ships in 10 to 12 weeks (4 to 6 weeks with expedited service)

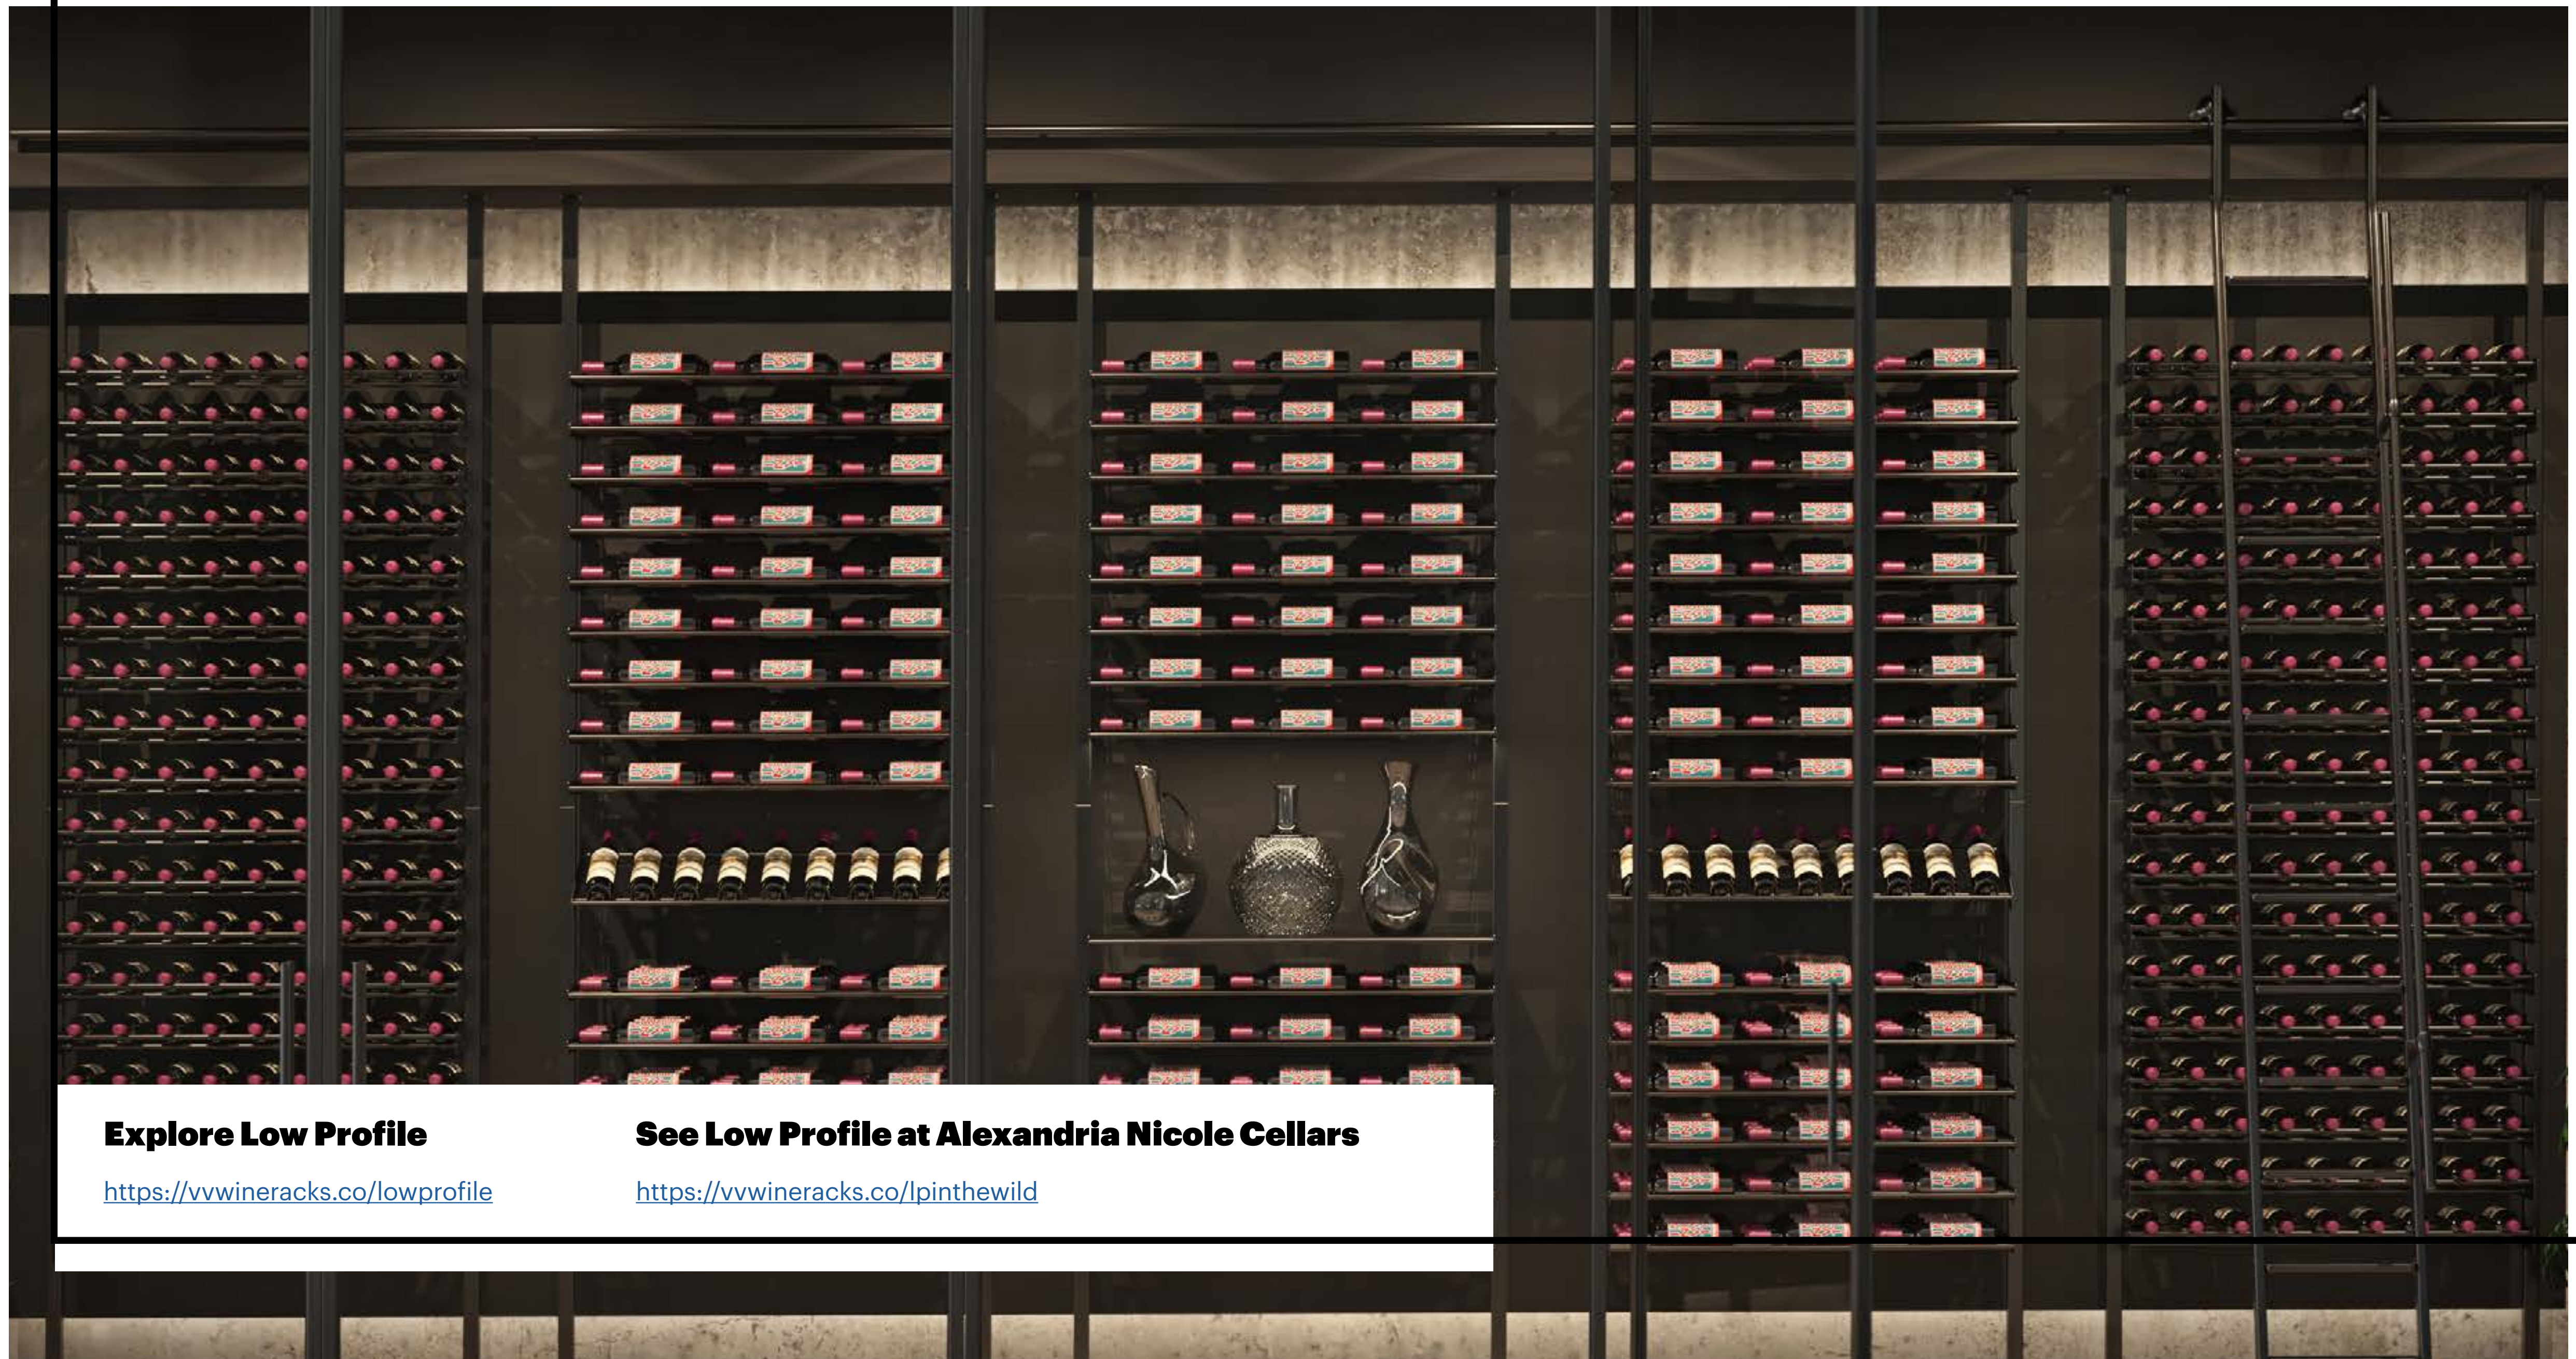

EASY CUSTOM

Order a customized predrilled Post (unique vertical spacing, Presentation Rows, large format bottles); ships in 10 to 12 weeks (4 to 6 weeks with expedited service)
